Team Coordination Notes:

Aspect	Details
Team Leader / Coordinator	Vinay Mohan Singireddy

Overall Team Coordination Rating (1–5)	4.5/5 — Strong communication, clear task division, timely deliverables
Any issues during demo	Minor issue: Label encoding values differed between laptops — resolved by using shared X_clean.csv
How issues were resolved	Standardized preprocessing pipeline in a shared Jupyter notebook; used consistent random_state=42
Communication channel used	WhatsApp daily standups + weekly Google Meet + GitHub for code review
Total project duration	8 weeks (Epic 1 → Epic 8)
